

Industrial Shredders

Industrial Strength Shredders With Loads of Features

Cumberland's Industrial Shredders are available in Double or Triple Shaft models. Featuring through-tempered cutters for low maintenance and long life, these shredders also offer a contoured, self-cleaning cutting chamber that reduces material buildup. In

addition, the hexagonal shaft design produces greater cutter torque. Our Double Shaft and Triple Shaft models provide size reduction of electronics, tires, pallets, plastics, film, C&D, medical waste, and steel drums.

Industrial Shredders

Two-Shaft

- Size reduction for primary or secondary processing
- Electronics, tires, pallets, plastics, film, C&D, medical waste, steel drums

Three-Shaft With Discharge Screen

- Size reduction with consistent particle size
- Electronics, tires, pallets, plastics

Systems

- Integrated systems including shredders, infeed and discharge conveyors, sorting of materials, and multiple stage size reduction

Features and Benefits

- Through-tempered cutters for low maintenance and long life
- Contoured self-cleaning cutting chamber to reduce material buildup
- Hexagonal shaft design to produce greater cutter torque
- Oil bath gear lubrication for low maintenance

Dual Shaft Shredders									
Chamber Size, in.	Electric HP				Hydraulic HP				
	10	15	25	30	50	100	150	200	250
14" x 20"	X								
17" x 20"	X								
19" x 20"	X								
19" x 24"		X							
23" x 24"		X							
30" x 24"			X						
40" x 24"		X	X						
50" x 24"		X	X						
30" x 33"				X	X				
40" x 33"				X	X				
50" x 33"				X	X				
60" x 33"				X	X				
60" x 43"						X	X	X	X
78" x 43"						X	X	X	X
100" x 43"							X	X	X

Triple Shaft Shredders				
Chamber Size, in.	Electric HP 2" Screen		Hydraulic HP 2" Screen	
	30	60	80	250
19" x 24"	X			
28" x 24"	X			
30" x 30"		X	X	
40" x 30"		X	X	
60" x 43"				X
78" x 43"				X
